COLLECTION

It's time to be bold.

Nashi Home has a new launch for Summer 2021. Our new Luxe Collection solid resin pieces, which are not only beautiful and functional, but timeless and highly sophisticated.

This solid Luxe range consists of solid black, solid white and a playful mix of the two, in a very artistic form. We also have a range of solid grey pieces which tie in beautifully with the black and white. The neutral nature of this collection will tie in with any home decor palette.

The colour, is rich, dense and almost edible, making any type of food stand out and look bright.

This range features our visual pieces such as jugs and platters and also incorporates some of our new shapes with generous sized bowls to create the perfect table for entertaining.

This range is a must to start up or add to your collection of Nashi homewares.

Preorder is available. Shipping starting in July.
